

MIHIR KULKARNI

Mumbai, Maharashtra, India | +91-9326600831 | mih.kul.work@gmail.com | [linkedin.com/in/mihir2005](https://www.linkedin.com/in/mihir2005) | github.com/Mihirkool

Education

Ramrao Adik Institute of Technology, D. Y. Patil Deemed to be University

July 2023 – Present

B.Tech in Computer Engineering — Minor: Artificial Intelligence CGPA: 9.79/10

Nerul, Navi Mumbai

Kirti M. Doongursee College of Arts, Science and Commerce

June 2021 – March 2023

Higher Secondary Certificate (12th Grade) Percentage: 70.17%

Dadar, Mumbai

Technical Skills

Languages: Python, Java, C, JavaScript, HTML, CSS **Frameworks:** TensorFlow, React, Scikit-learn, OpenCV, MediaPipe, Node.js

Tools: Git, SQL, MongoDB, Power BI, Figma, Jira, Canva, Adobe Photoshop

Domains: LLMs, RAG, Prompt Engineering, Agentic Workflows, Machine Learning, Finance Analytics, Web Development

Work Experience

Bluestock Fintech

May 2026 – Present

Data Analyst Intern

Mumbai, India (Remote)

- Performing data analysis, preprocessing, and visualization tasks on B2B fintech datasets to support data-driven finance intelligence and automated workflow scaling.
- Analyzing transaction data pipelines, tracking core financial metrics, and maintaining a 4.8/5 internal performance score for accuracy in risk and reporting analytics.

TheCodersHub

May 2026 – Present

Web Development Intern

Mumbai, India (Remote)

- Built the frontend and integrated REST APIs for ReadBuddy, a web platform for reading and donating books online, using React.js and modern web development practices.

Navodita Infotech

May 2026 – June 2026

Machine Learning Intern

Mumbai, India

- Built ML models for image classification (CNN), NLP-based sentiment analysis, and object detection using Python, TensorFlow, and Scikit-learn; performed hyperparameter tuning and model evaluation.

RV Networking

June 2025 – Oct 2025

Graphic Design Intern

Mumbai, India

- Designed posters, banners, and marketing materials using Canva, Figma, and Adobe Photoshop; collaborated with clients on brand-consistent visual content.

Projects

Agentic Financial News Pipeline | Python, LLM, RAG, Supabase, Prompt Engineering [GitHub](#)

2024

- Engineered an agentic pipeline to scrape, store, and process updates across complex financial and AI ecosystems using a localized RAG framework for contextual accuracy.
- Optimized systemic prompt engineering structures to automatically analyze and summarize unstructured text feeds via LLM APIs, delivering daily digests through automated delivery systems.
- Designed the tool to parse complex SaaS and B2B workflow models, tracking updates relevant to financial tech automation parameters inspired by top-tier ecosystems like Peakflo (W22).

Miraki Digital Art Marketplace | React, Node.js, MongoDB, Google Maps API, Tailwind CSS [Link](#)

Jan – May 2025

- Full-stack marketplace with live artist discovery via Google Maps API, JWT authentication, admin CMS, and ImageKit CDN for media delivery; deployed on Vercel with MongoDB.

Weather Prediction Clusters | Python, Scikit-learn, Pandas, NumPy [GitHub](#)

Oct – Nov 2024

- K-Means clustering model on 96,000+ weather records with feature engineering; optimized cluster count via Elbow Method and Silhouette Score.

Leadership & Activities

CSI-RAIT Student Chapter

June 2024 – Present

Design Co-Head (2024–25) → Design Head (2025–Present)

Navi Mumbai, India

- Led Designaire 3.0 (UI/UX & Figma, 200+ students), Agile with Jira workshop (150+ students), and Grassroots 2.0 (C programming, 100+ students); managed branding and social media; coordinated Sankalp 2025 national-level ideathon.

Accomplishments

- Agile with Jira Workshop** – Conducted 1-day workshop on Scrum, sprint planning, and Jira board usage for 150+ students. (Oct 2025)
- Grassroots 2.0 Programming Workshop** – Taught C programming fundamentals, logic-building, and loops over a 2-day session. (Sept 2025)
- Competitive Programming & Aptitude Workshop** – Full-day aptitude session for 100+ students covering quantitative reasoning and logical deduction. (Oct 2025)
- TechSaksham Internship** – Edunet Foundation (SAP & Microsoft) – [Certificate](#) | **EduSkills TECH CAMP** – Google AI-ML (Google for Developers) – [Certificate](#) | **IBM SkillsBuild** – 4-Week Project Based Learning Program – [Certificate](#)
